OVEN EQUIPMENT AND ACCESSORIES

GLASS BAKING DISH is used for cooking with all oven systems and for cooking with microwaves. It can also be used as a serving tray

Never use the grid, the shallow baking sheet or the deep baking tray or any other metal part or accessory when operating a system with microwaves

The **GRID** is used for grilling or as support for a pan, baking tray or baking dish with the food

The **SHALLOW BAKING SHEET** is used for baking pastry and cakes.

The **DEEP BAKING TRAY** is used for roasting meat and baking moist pastry. It can also be used as a drip tra
